Eco City Tour, Tukxi Madeira (Ref: FNC_039)

Madeira

Originating in Italy, Ape Calessino tukxi's are 3 – wheeler modern day versions of the 'little cart' that was popular with the 1950's 'Dolce Vita' lifestyle. Having now expanded into other parts of Europe this method of transport re-creates the true meaning of Dolce Vita – The good life, full of pleasure and indulgence.

On your intimate guided tour you can sit back and admire the scenery as your driver heads along the harbour front, which has views of the sea on one side and clusters of houses on green mountains on the other. Arriving in the Old Town you'll travel along the narrow cobbled streets, which are lined with beautifully restored houses and quaint local restaurants, contrasting with the wider and busier Avenida Arriaga, the city's main commercial centre. Along the way look out for colourful local ladies (dressed in traditional costume), selling the famous 'bird of paradise', the true symbol of the island. Right in the heart of the city is the delightful Praca do Municipio, the awe inspiring square that boasts the architectural treasure of City Hall.

As well as discovering the hidden corners of the city that larger vehicles cannot reach, you'll also make stops for photographs at the Socorro Viewpoint, to capture views of the stunning cliff tops and Santa Caterina Park, which provides exceptional views of the harbour below.

And after your unusual sightseeing experience, there'll be plenty of time to explore more of the sights and sounds of Funchal independently.

Essential Information

This tour is sold on a per tukxi basis and can accommodate up to 3 adults per vehicle.

Lisbon by Tram & Coach (Ref: LIS_012)

Lisbon

A ride on Lisbon's most famous and typical form of transport – the tram – is an absolute must. With the added dimension of local waiters serving port wine and traditional pastries on board, this unique tram tour is an ever-popular option. To further enhance this Lisbon experience, you will step from ancient tram to modern coach as your tour is rounded off with a panoramic drive of the city's most famous monuments.

At the famous Black Horse Square, step aboard the tram for a leisurely circuit through this seven-hilled metropolis. See many fascinating glimpses of the 'old city' and the Tagus, passing landmarks such as the Parliament, Cathedral and Santa Luzia Belvedere. At Estrela Square, say goodbye to your traditionally-dressed waiters as you step onto a coach for the second part of your tour.

As you stand before the impressive Gothic-Manueline-style Jeronimos Monastery, your guide will provide you with details of this imposing building. Nearby, you will be equally impressed by the lavishly-decorated Belem Tower and the Monument to the Discoveries, which commemorate Henry the Navigator and Portugal's incredible voyages of exploration.

Essential Information

This excursion will operate by coach and tram. Guests are advised there are some fairly high steps to be negotiated when boarding the tram.

Lisbon

A perfect combination. See the sights of the city centre and then sit back and enjoy a fascinating river cruise along the River Tagus, savouring light refreshments as you glide past an array of famous monuments.

A panoramic tour will show you Lisbon's renowned landmarks, including Pombal Square, Liberty Avenue, Black Horse Square and Rossio, the very heart of the city. A Journey To Fatima - Without Luncheon (Ref: LIS_182)

Lisbon

This full day tour takes you through the Tagus Plains and the bullfighting region of Vila Franca, before reaching Fatima, an international and worldwide Catholic, pilgrimage site.

According to local lore, three peasant children from a nearby village observed a 'Lady of the Light' hovering above a small oak tree at the Cova Da Iraia (the cove of peace). This was believed to be the blessed 'Virgin Mary' and after returning on the same day for over five months, a miracle was said to have been written in the sky in front of over 70,000 witnesses. Today, many people from around the world make the famous pilgrimage to Fatima in search of the miracles.

Visit the famous Basilica with its spectacular stained-glass windows and paintings. Inside the Basilica you will see the resting place of the legendary three peasant children, Lucia Santos and her two cousins, Jacinta and Francisco Marto, at the Chapel of Apparitions.

Take some free time and enjoy luncheon on your own then browse some of the local shops for souvenirs.

Essential Information

This excursion will operate by coach and on foot. The journey to Fatima takes approximately 1¼ hours each way. There is approximately four hours of walking over flat ground on this tour, therefore comfortable non-slip shoes are recommended.

Shore Excursion Terms and Conditions:

SHORE EXCURSION TERMS AND CONDITIONS

SAFETY ON EXCURSIONS

The provisions in the Booking Conditions (or 'Passage Contract' in the case of our US guests) and these terms and conditions govern Cunard's responsibility to guests in respect of shore excursions. Participation by a guest in shore excursions is conditional upon such guest's acceptance of such terms and conditions. Participation may also be subject to the independent tour operators' own terms and conditions. We will arrange for shore excursions to be performed by an independent local excursion provider. Cunard does not provide or supply the excursion services. We will exercise reasonable care and skill in selecting the excursion providers and require them to comply with all relevant local, national and /or international standards and legislation. The health, safety and comfort of our guests is paramount. We therefore require all shore excursion providers to have insurance and to have and to adhere to their own safety management systems. However, you should still take care for your own safety and that of any children there may be in your party. Shore excursions will operate in all weathers unless it is advised by the local provider that it is inappropriate or unsafe for the excursion to go ahead as planned. We want you to enjoy every aspect of your holiday so please read the information about the excursions very carefully and take reasonable precautions for your own safety and that of those in your party. Please ensure that you have read the **Guide to symbols and Important information** sections.

Please note that in relation to all excursions Cunard is not responsible or liable for any loss, damage, or injury sustained by you unless such loss, damage or injury arises out of a breach of legal duty of Cunard. Cunard will not in any circumstances have a greater liability than the excursion supplier and Cunard shall not be responsible for the negligent acts/omissions of the excursion supplier. Cunard will invoice you for all medical care given onboard and you will also be responsible for the cost of any hospital visits on land. Cunard assumes no responsibility or liability for any goods purchased while participating in a shore excursion. Any purchase ashore is solely between the guest and the vendor.

INSURANCE

The extent of insurance coverage in foreign countries varies widely and depends on their laws and customs. Cunard recommends to its US guests, and requires all other guests, to obtain your own insurance protection before leaving home against loss or damage to baggage and personal effects, trip cancellation and emergency evacuations, accidental death or injury, illness and medical expenses sustained or incurred in connection with your voyage. Cunard cannot assume liability for baggage or other personal effects lost or damaged while those items are in the custody of an airline, hotel or other service providers.

SHORE EXCURSION FARES

The prices for shore excursions are in U.S. Dollars and are subject to change without notice. Prices may vary by departure date and time and are capacity controlled. **Since prices are likely to increase closer to departure, it pays to book early.** Once you have booked and paid for your shore excursion the price will not change. Pre-booked shore excursions will be charged to a valid credit card prior to the start of your cruise. Charges for your excursions booked once the voyage has started will be added to your on board account. Tickets will be delivered to your cabin. The cancellation deadline for confirmed shore excursion bookings is generally 48 hours prior to the ship's arrival in port. The prices for shore excursions are charged per adult, per child and in some cases per vehicle. Some shore excursions have a minimum age to participate, which is either set out in the tour description or will be made known to you when booking. In most circumstances the child prices shown apply to children aged 3 to 12 inclusive on the date of sailing, for those excursions deemed suitable for children. Children over the age of 12 will require adult tickets. Infants aged 2 and under on the date of sailing can travel on the excursion free of charge, as long as they are seated on your lap. However, there may be occasions when this information changes. In these cases notes have been added to the excursion descriptions. Please ensure that you book a tour ticket for your infant.

Note that all minors (those under 18) must be accompanied by an adult on shore excursions.

TOUR TIMINGS & ITINERARIES

The published duration for each excursion is approximate and the departure time on your tour tickets is the time that the last vehicle will leave. Prior to arrival in each port of call, the departure time of each excursion will be confirmed in the ship's programme. Timings are subject to change,

should the arrival time at any port be delayed, or the itinerary for any particular excursion be amended. The order of advertised sites within the shore excursion description may vary, and itineraries may operate in reverse order to that described. Please bear in mind that at some ports of call it will be necessary to walk some distance to reach your mode of transport. The ranges of excursions on offer are dependent on the ship and the date of the call in port.

WAITLISTED SHORE EXCURSIONS

Many shore excursions have limited availability and to avoid disappointment we recommend that you book excursions in advance of sailing. Shore excursions are processed on a first-come, first-served basis, and if the excursion you are interested in is sold out, you may add your name to our waitlist on line through Voyage Personaliser.

Should waitlisted shore excursions become available before your voyage departs, we will notify you by email. At that time, a booking will be created in your name and you will have 72 hours from the date the email is received in which to return to Voyage Personaliser and confirm your acceptance of the excursion and complete your purchase. If you do not return to Voyage Personaliser within 72 hours, the booking that has been created in your name will be cancelled. If you have chosen to waitlist more than one guest on an excursion, you will only be notified if enough spaces become available to fulfil the complete booking.

We recommend that you take some time to check the waitlisted shore excursion booking that has been created for you since the departure time and price of the shore excursion may vary from your original request. After voyage departure, any outstanding waitlists will be cleared on board if spaces are available and charges applied to your onboard account.

CANCELLATIONS AND REFUNDS

You may cancel or amend the majority of reserved excursions at no cost online through Voyage Personaliser or by phoning Reservations up to **3 days** in advance of sailing. There may, however, be shore excursions that are non refundable or incur a cancellation penalty or have an earlier cancellation deadline; details of this will be contained in the tour description.

(i) Pre-paid shore excursion bookings

Once on board, if you wish to cancel your shore excursions before the cancellation deadline (generally 48 hours prior to the arrival in port) a 10% cancellation fee will be applied to your onboard account and the full amount paid will be refunded to your original credit/debit card.

We regret that we are unable to refund the cost of excursions that are cancelled by guests after the cancellation deadline. If you do wish to cancel your shore excursion after the cancellation deadline we will credit the original credit /debit card with the full amount paid, however a 100% cancellation fee will be posted to your onboard account. In order to process any cancellations, tickets must be returned to the onboard Tour Office.

(ii) Shore excursion bookings made on board

If you wish to cancel your shore excursion before the cancellation deadline (generally 48 hours prior to the arrival in port) you should return your tickets to the Tour Office where a 10% cancellation fee will be applied to your onboard account. We regret that we are unable to refund the cost of excursions booked on board that are cancelled by guests after the cancellation deadline.

All shore excursions require a minimum participation, which if not achieved, may mean the excursion will be cancelled. In this event an alternative may be offered. We reserve the right to cancel or amend shore excursions prior to commencement for any other reason, including upon operational or commercial grounds, in which case we will make any refunds to your credit/ debit card if booked in advance or your onboard account if booked on board. Should any excursion have to be abandoned or amended after setting off, the best possible onboard credit will be arranged according to the circumstances.

PRIVATE TOUR TRANSPORT

If you wish to hire a car, book a private driver and guide for the day, or arrange a private tour for a small group at any of our ports of call, please contact the Tour Office on board at least 48 hours in advance of the call date. Separate terms and conditions apply to these bookings and these will be advised by the Tour Manager onboard before you confirm the booking. If you decide to cancel once the booking has been made, any cancellation fees incurred will be charged to your on board account.

TRANSPORTATION

Cunard arranges the best reasonably available means of transportation and local guides. In some countries, the best equipment and guides available may not be up to the same standards available at home; standards of transport vary considerably throughout the world. Air conditioned coaches are not available in some countries, whilst in others local buses are the best that can be provided. Cars or taxis are also used at some ports where coach or bus transportation is not available or limited. Guests are asked to take care when boarding or disembarking vehicles

particularly bearing in mind that some vehicles have high steps. All airline space used in touring is economy class unless otherwise specified. Guests wishing to travel together should all meet for the excursion together as this will help the Tour Staff to allocate them space in the same vehicle.

For the comfort of all guests, smoking is not permitted aboard any sightseeing vehicle. Guests are also requested to switch off mobile telephones.

MOBILITY

Guests unable to board a coach by the steps or who are unable to transfer into a standard car should contact the Shore Mobility Advisor by sending an email to the following address: . The Shore Mobility Advisor will be able to provide advice and assistance in arranging private, tailor made tours in adapted vehicles*, dependent on availability. (*Adapted vehicles used are those which are deemed suitable by Cunard.) Guests unable to board a coach by the steps and who are able to transfer into a standard car (provided the wheelchair is a suitable size to be stored in the boot of the car) should email for assistance in arranging a private car. Alternatively contact Reservations or the Tour Office on board. Guests who are able to board a coach by the steps are referred to the shore excursion descriptions, which are set out to offer practical advice based on Cunard's operating experience. Generally, full size coaches are able to accommodate small, collapsible scooters and /or manual wheelchairs (a limited number per coach). The coach driver is, however, unable to assist with the loading of scooters or wheelchairs into the vehicle. Where minibuses / trolley trains are used to operate shore excursions, the storage space is insufficient to be able to accommodate wheelchairs or scooters. You are strongly advised to read the excursion description to ensure that your chosen excursion is suitable for your individual personal requirements. Further advice on the suitability of excursions is available from the Tour Office on board. Taxis are usually available for hire close to the ship's berth should guests wish to travel independently. Guests who use a wheelchair and those who are not fully mobile may be restricted from going ashore at ports where launches are necessary. Prior to requesting your shore excursion, please check if launches will be used to go ashore. You are reminded that wheelchair assistance, if required, will be provided to assist guests on and off the ship's gangway only.

In the event of significant changes or alterations we will where reasonably possible let you know in advance.
