SOFITEL WINTER PALACE

(Luxor-based plus cruise option to Cairo)
OPTION 1

This is a 6- or 7-night hotel stay (in Luxor) in the fabulous and famous Winter Palace. After your hotel stay you can either fly home or take an optional “add on” cruise to Cairo.

Pricing varies depending on room accommodations and starts at $325 per person (pp), per night (seven nights minimum or just six nights if you sign up for our optional post-Luxor Nile River cruise). For pricing and pictures of the Sofitel rooms, please visit the HOTEL INFO tab. All meals are included (excluding breakfast on your day of arrival and lunch and dinner on your day of departure) — and are provided by our hotel. For those attending our ANCIENT EGYPTIAN ASTRONOMY Lectures PROGRAM OR our ANCIENT ENGINEERING Lectures PROGRAM, there is a $1,250 fee.

Add on our optional 5-day LUXOR TOURING PACKAGE: $2,050 for 18 separate site visits (seven of which require “special access” permits); plus $100 for your professional/Egyptologists’ gratuities. The groups will be small (where necessary, as in visiting deeply buried sites, no more than a dozen or so people) with one professional/Egyptologist tour guide per group. The $2,050 includes all entrance fees — some quite substantial for the unique access we will provide — as well as “gifts” for official gatekeepers.

The seven (7) one-hour cocktail-parties package (includes an open bar) is an additional $245 pp. Add’l pp fees: taxes and fees ($365), Non-refundable Booking Service Fee ($175), tour leaders gratuities ($40), and hotel gratuities (for the housekeeping and dining room staff, $25 per day). All prices and fees are detailed on the TERMS & CONDITIONS tab. Use our PRICING CALCULATOR for a quick price quote. NOTE: Program is subject to change.

OPTION 1 Luxor Touring Package

Below is the list of the 18 sites you will visit, as part of the $2,050 TOURING PACKAGE add-on, during your stay in Luxor. Seven (7) of these sites require “Special Access” which we have secured.*

LUXOR TEMPLE — Get a concrete sense of the resilience of Egyptian culture at Luxor Temple. Fittingly for a symbol of rejuvenation, it has survived floods and foreign invasions to awe visitors with its ancient precision.

ABYDOS — Examine the superb bas reliefs and Cosmology of Nut and walk among some of the earliest astronomically aligned buildings. We hope the ruins of what may be the world’s oldest brewery will be accessible on our visit, too.

DENDERA — Be overwhelmed (in a good way!) at the intensity of ancient worship of Hathor, the multifaceted goddess of love, fertility, the sky, festivity, and fate. Create a lasting impression of the Zodiacal art of Dendera.

VALLEY OF THE KINGS — Celebrate fulfilled dreams of exploring pharaohs’ tombs, satisfied curiosity, and newly inspired avenues of archaeological inquiry once you trek through the renowned Valley of the Kings.

*Archaeological sites go under frequent restoration and repair and some may not be available to us when we visit in 2027.
KING TUT TOMB (Special Access Visit) — Have you glimpsed King Tut’s opulent burial goods in a documentary or at a museum? Now you can picture them together with the narrative paintings you see in Tut’s burial chamber.

KING RAMSES IV TOMB (Special Access Visit) — Ramses IV’s tomb is a crowd favorite since ancient times, well documented by graffiti spanning the ages. Could be the vibrantly colored paintings. Could be the magical spells covering every inch of the entrance hall. Could be the splendid inscription of the Book of Nut and the painting of a flexible Nut on the burial chamber vault. See for yourself, and make the call.

KING SETI I TOMB (Special Access Visit) — Seti I’s Tomb served as an inspiration for most later Egyptian tomb art. Its indelible celestial diagrams and stellar clocks will enrich your stargazing forever.

KING RAMSES V AND VI TOMBS (Special Access Visit) — Feast your eyes on two different copies of the Books of Day and Night, paintings of the sky goddess Nut, and the Egyptian astronomy how-to embodied in star clocks. Deepen your feel for the pharaohs’ worldview with a study of ancient Egyptian rocket science.

Cruises
THE JOURNEY WITHIN

Sites with toothed borders have astronomical interest.
MEDINAT HABU WITH SANCTUARY OF OSIRIS (Special Access Visit) — Ramses III cast the record of his defeat of the Sea People as the central feature of Medinat Habu. Your observation of the astronomical ceilings, rarely seen Sanctuary of Osiris, and calendar of the Festivals of the Sky may create a different lasting impression than Ramses III intended.

ESNA — Venture into the entry hall of the Temple of Khnum, and see the vibrant results of its very recent restoration. The Temple was decorated during the Roman period circa 100–300 AD, which means that you’ll be seeing the youngest/most recent body of Egyptian hieroglyphics known. It’s the astronomical ceiling that brings us to Esna, with its unparalleled depiction of lunar phases, and a detailed stellar clock.

KARNAK TEMPLE — At least 30 Egyptian rulers from ~2,000BCE to ~300BCE built, modified, demolished, and moved parts of Karnak Temple. There’s so much see. Karnak can activate your mind’s eye, too. Armed with Dr. Belmonte’s archaeoastronomy tips, you can picture Karnak's orientation to the Winter Solstice, to the northern Milky Way, and to the topography around you.

EDFU — It’s easy for Edfu to blend in as yet another Egyptian site that checks many boxes: massive, pharaoh smiting the enemy on the facade, halls of columns, lots of side rooms. Dig in to Edfu a bit, and heighten the experience: the hall of twelve columns refers to the Book of the Underworld and the twelve hours of the night; ceilinged halls help you picture the building in use; the carving of “The Stretching of the Cord” unifies Egyptian astronomy and architecture. All this and more will give you a memorable sense of Edfu Temple as a working building, used by humans.
KOM OMBO — The first rule of temples: Location, location, location. Kom Ombo lives in popular media as an elegant Graeco-Roman temple set on a high Nile embankment. You'll tune in to its nuances: depictions of the pharaoh boating in a marsh; an astronomical procession on the beams of the hall; and reliefs of (perhaps) early surgical instruments. Come for the photo op and take away glimmerings of early technology.

QUEEN NERTARI TOMB (Special Access Visit) — We go to “The place of beauty”, Ta-Set-Neferu, to experience the rarely seen Tomb of Nefertari, often considered the most beautiful in Egypt. Its vivid colors and beautiful draftsmanship underpin its artistic appeal; astronomy buffs may find its theme of timelessness and eternity thought-provoking.

VALLEY OF THE QUEENS — The tombs of Ramses III’s sons in the Valley of the Queens are known for their elegant workmanship. Visiting them gives you a strong sense of how sons were valued and employed by the pharaoh. Getting their backstory gives you a pragmatic view of how plans change and how eternal control is an illusion, even for pharaohs.
SENENMUT TOMB (Special Access Visit) — Venture to the tomb of Senemut, tucked away in a hillside. Built for a trusted advisor of Hatshepsut, it houses a celestial diagram that suggests Senemut was an astronomer among his many duties. The diagram’s clarity makes the 12-month nature of the Egyptian calendar snap into place, and helps make sense of the concept of decans, the defined time periods composing an Egyptian night.

DEIR EL BAHIRI — The temple complex of Hatshepsut must be one of the most beautifully situated buildings anywhere. It was known as the “Sublime of the Sublimes” in ancient Egyptian. Explore its structure and you’ll get an organic sense that the temple is oriented to the winter solstice and The Temple of Amun (Hatshepsut’s claimed father) at Karnak.

RAMUSSEUM — Designed to remind all who behold it of the greatness of Egypt (and of the modest builder himself) the Ramesseum gives you a picture of the vast wealth Ramses II had. After sizing up the innumerable storehouses, you may be drawn to the astronomical ceiling of the Barque room in the temple, to see civil, religious, and lunar calendars so you sharpen your ancient Egyptian time-telling skills.
The best resources we’ve found for learning about Ancient Egypt are the three online courses published by The Great Courses: *History of Ancient Egypt* (Bob Brier, Ph.D.), *Great Pharaohs of Ancient Egypt* (Bob Brier, Ph.D.), and *A Guided Tour of Ancient Egypt* (Melinda Hartwig, Ph.D.).

Watch the first lecture (30 minutes) of each course! Please email info@insightcruises.com for details.

While you could purchase the individual DVDs, we recommend buying an annual subscription to Wondrium ($20 per month after a free 2-week trial). Here you can access the entire 40-lecture courses, plus enjoy hundreds of other titles we are certain you will find utterly mind-blowing (We have no affiliation, nor do we get any commission if you purchase this — we are just long-time very happy customers). Searching for “Egypt” produced dozens of links (see image below) from Wondrium.com and all are available for you to stream (in very high quality) whenever you wish. Two years of an online/streaming subscription is much less than purchasing the three DVDs.
Join us August 3–11, 2027 for a 5-night Nile River cruise to Cairo and then four (4) nights in Cairo to experience the culture, archaeology, communities, and daily details that make Cairo the informal capital of the Arab world.

Cap your Luxor Eclipse adventure with a cruise north to Cairo where you'll spend three full days amidst the ancient treasures and modern bustle of the Cairo region. Visit the Pyramids at Giza and their ancestors at Saqqara; see Egypt’s archaeologic treasures in new and modernized comfortable settings. Graze your way through the 14th-century bazaar, Khan Khalili, and walk through the historic heart of Cairo’s Christian, Jewish, and Islamic communities.

Whether this is your first trip to Egypt or another chapter in your explorations as a confirmed Egypt buff, gain a sense of why ancient Egypt has such a powerful impact on the imagination through time.

OPTION 1 Nile River Cruise Option: Touring Package
(on the Nile River Cruise add-on from Luxor to Cairo*)

On your optional add-on cruise from Luxor to Cairo, you will visit the 13 sites below. These site visits, as well as all entrance fees, are included in your optional post-Luxor Nile River cruise add-on package.

DENDERA — Be overwhelmed (in a good way!) at the intensity of ancient worship of Hathor, the multifaceted goddess of love, fertility, the sky, festivity, and fate. Create a lasting impression of the Zodiacal art of Dendera.

ABYDOS — Examine the superb bas reliefs and Cosmology of Nut and walk among some of the earliest astronomically aligned buildings. We hope the ruins of what may be the world’s oldest brewery will be accessible on our visit, too.

AMARNA SITE MUSEUM — Get the lay of the land to put Amarna’s ruins in context with a visit to the Amarna Site Museum. See models that interpret daily life and the buildings of Akhenaten’s city. You’ll have a presentation on Akhenaten and Nefertiti his wife which enriches your exploration of their royal city.

*Archaeological sites go under frequent restoration and repair and some may not be available to us when we visit in 2027.

Sites with toothed borders have astronomical interest.
TUNA EL GEBEL (Tombs of Petosiris and Isadora) — See the god Thoth’s many duties documented at Tuna el Gebel. You’ll visit the Greco Roman tomb of Petosiris, the chief priest of the god Thoth. This god’s responsibilities included maintaining the universe, judging the dead, and overseeing systems of magic, writing, and science. Thoth was symbolized as both a baboon and an ibis, so you’ll add animal mummies to your Egypt memories. The Tomb of Isadora adds a poignant note to the visit, containing the mummy of a young Greek woman who legendarily drowned seeking to meet her lover, and was deeply mourned by her father.

ASHMUNEIN (Temple of Thoth) — You’ll see the surviving architectural elements of the Temple of Thoth at Khmunu/Hermopolis. This was the main cult center for the worship of Thoth, who was god of wisdom and writing and patron of scribes among many other roles. A key ancient significance remains unseen — Khmunu is legendarily site of the mound of creation and of the first sunrise.

AMARNA (Royal Tomb, Palace, Temple of Aten, and more) — Today we delve in to Amarna, Pharoah Akhenaten and Queen Nefertiti’s city designed for the worship of the sun disk Aten, center of Akhenaten’s new religion. Learn about the distinctive naturalistic style of Amarna art, with a focus on the royal family, not the gods, the depiction of movement, and the use of sunk relief. Walk the streets of Amarna and get a sense of the vision and scope of Akhenaten’s bold initiative.
BENI HASSAN (Tombs of Baquet III, Khety, Amenemhet, Khnumhotep) — Time travel to the Middle Kingdom period of Egyptian history at Beni Hassan where regional governors and military figures were buried. Gain a sense of ancient life in the desert, and see scenes of life in the provinces — hunting, wrestling, weaving, baking, fishing, and wine-making.

GIZA PYRAMIDS AND SPHINX — Visit the Great Pyramid and its Old Kingdom royal kin, the only surviving members of the Seven Wonders of the Ancient World. Getting your bearings on the Giza Plateau gives you a sense of the precision (achieved with astronomical skills) with which the Egyptians aligned the Pyramids to the cardinal directions and to symbolic topographic features.

ISLAMIC CAIRO WITH SULTAN HASSAN MOSQUE, MOHAMED ALI MOSQUE, AND KHAN EL KHALILI — Venture into medieval Egyptian history on a visit to the strategically positioned Citadel of Saladin, an imposing fortification. Study the details of mosques from two eras, and develop an eye for Islamic architecture.

This fee covers our cost to maintain your flight itinerary on your personal itinerary and to arrange your seat assignments. **EMAIL SERVICES & FEES.** Insight Cruises sends guests information and answers questions primarily via email. Using software we have a clear picture of the number of emails exchanged with guests — and on guests’ behalf — to make or change reservations, research and answer questions, and provide necessary information to guests across the trip-planning cycle. (The average number of emails for an average booking of two people is 27.) We understand that if you book hotel or air

**By registering for an Insight Cruise, the participant agrees to the responsibility statement and liability disclaimer and the terms and conditions herein.**
through Insight Cruises, this may lead to a predictable number of additional email exchanges.

Some guests’ trip preparation involves more emails and questions than others, whether due to the scope, duration, and complexity of travel or to personal communication or planning style. And some customers just want more personalized service. We estimate that each email costs Insight Cruises approximately $10. (Keep in mind, typing a response is small part of providing an answer.) We therefore assess fees for usage that is more than double the average.

Once you book with Insight Cruises, you are allotted 35 emails and/or phone calls. Included in this count — as one each — are: each phone call to Insight Cruises; each email you send to us; our reply to your email; plus each email we send out and/or receive to research and answer your questions that are not answered or addressed on our webpages.

In addition to the included 35 emails (which is your initial allotment), most of our added services automatically increase your allotment:
- Air Booking — you get 10 additional emails
- Travel Insurance (if you purchase through Insight Cruises) — you get 10 additional emails
- Foreign Shipping (i.e., if you live outside of the Continental USA) — you get 5 additional emails
- Last-Minute Changes/Additions — 5 emails per $50 fee
- Repeated Declined Credit Card — 5 emails per $50 fee
- A Suite booking comes with 10 additional emails.

When a booking surpasses the original 35 emails (plus any additional emails automatically provided as a result of the additional services above), you will be assessed $79 for an additional 10-email allotment.

NOTES: You will be notified when you reach 50%, and then again at 75%, of your allotted number of emails. All of our Email Service Fees are non-refundable.

CANCELLATIONS, REFUNDS, INSURANCE, CHANGES

Any cancellation or change of status (or request for a change in status) which relates to your booking must be transmitted as soon as possible to Insight Cruises in writing or via email. If you have travel insurance, and there is an unnecessary delay in notifying us of your change in status, your “cancellation date” will be affected and will adversely affect your insurance reimbursement.

Name changes are permitted (for a $175 fee) up until June 15, 2027. Name changes after June 15, 2027 are considered a cancellation and the per-person cancellation fees, below, will be assessed.

Once booked, you are assessed a $175 per person Non-refundable Booking Service Fee. Additional per-person cancellation fees are based on date of receipt of notice to cancel (via in writing or email):
- Cancellation prior to January 1, 2024: full refund (minus any of our Non-refundable Service Fees).
- Cancellation between January 1, 2024 and December 31, 2024: $150 pp Cancellation Processing Fee plus all of our Non-refundable Service Fees
- Cancellation between January 1, 2025 and December 31, 2025: $300 pp Cancellation Processing Fee plus all of our Non-refundable Service Fees
- Cancellation between January 1, 2026 and December 31, 2026: $600 pp Cancellation Processing Fee plus all of our Non-refundable Service Fees
- Cancellation on or after January 1, 2027: You forfeit your 30% deposit plus all of our Non-refundable Service Fees
- Cancellation on or after March 1, 2027: You forfeit 70% of your payments
- Cancellation on or after May 1, 2027: No refunds

Air and/or pre- and/or post-Event bookings, including but not limited to extra hotel nights you have requested, are subject to the same cancellation fees cited above.

If the Event is canceled by Insight Cruises for any reason, Insight Cruises shall incur no liability beyond the refund of all Event participants’ payments received. However, if Insight Cruises must cancel for reasons beyond its control, including but not limited to weather, disease, strikes, acts of God, pandemics, acts of terrorism or war, Insight Cruises’s liability shall be limited to a refund of only those portions of the Event cost Insight Cruises is able to recover from suppliers.

If you cancel, 50% of any/all cancellation fees you are assessed can be applied to any future Insight Cruise event.

IDENTIFICATION REQUIREMENTS. A Passport, valid through February 15, 2028, is required. All travel documents such as passports, visas, proof of citizenship, etc., that are required for you to make the trip are the responsibility of the passenger. Non-U.S. citizens are asked to check with government agencies, embassies or consulates to determine documentary requirements.

Please see the Exit, Entry & Visa Requirements area for the U.S. State Department’s information on Exit/Entry Requirements for U.S. Citizens. You will be denied boarding without proper proof of citizenship and without all necessary visas. For non-U.S. citizens, the CIBT International Entry Requirements form, here (https://cibtvisas.com/health-requirements/login=insightcruises), will provide the info you need.

Along with many thousands of American travelers, we rely on CIBTVisas for our visas (we are not affiliated with CIBTVisas, we are simply happy customers).

TRIP CANCELLATION & INTERRUPTION INSURANCE

Please carefully consider buying this or other travel insurance.

We’ve never had a guest cancel because they won the lottery or had a brilliant stroke of fortune. More often than you would expect, we have had guests cancel because of pre-event illnesses, sports injuries, broken bones, death in the family, unexpected surgery, emergency surgery, stolen passports, and general family uproar. Life does throw curves. Spare yourself financial disappointment if your trip must be cancelled or is interrupted.

Currently, we offer two options. Both will reimburse you 100% up to a maximum trip cost for covered reasons — assuming you have insured the full cost of your trip:
- For U.S. residents of all ages, we recommend CSA’s G-906 product.
- For all non-U.S. residents we recommend Abroad Insurance.

CSA G-906. Unlike most trip interruption and cancellation
insurance policies, you can purchase CSA G-906 up to 24 hours prior to the Final Payment Date and still be covered for pre-existing conditions (granted that you are fit to travel at the time of purchase).

Abroad Insurance. Abroad Insurance is the only insurance plan that we can offer for all our international (non-U.S.) participants.

NOTES: Trip Cancellation Insurance payments are rarely refundable. Cancel-for-any-reason coverage varies slightly, carrier to carrier, based on the level of penalty when you cancel. CSA does not offer Cancel-for-any-reason coverage. Typically, if you cancel at the last possible moment, with cancel-for-any-reason coverage you are only likely to get between 70% and 80% back.

HOTEL ADD-ONS. Additional pre- and/or post-Event hotel stays are available through Insight Cruises. The rate varies so please call for a price. Since the hotel will be sold out, upgrades at check-in will not be offered.

ALL ABOUT AIRFARE. While we have never seen a change, dates and times that appear on our website are subject to change. Therefore, if you fly in the day the event begins, or fly home the day the event ends, you should confirm your flight times with us prior to making your flight reservations.

For Business Class or First Class air (purchased with frequent flyer miles or if you pay by credit card), we offer excellent fares and personalized service. Please email aaron@insightcruises.com. We charge a flat $400 fee for this service as we often need to compare a lot of flights and options, ultimately providing you with the best, most comfortable flights while balancing expense.

For coach/economy air, we recommend:
1) You can book the air yourself. If you want to shop for your own air, we recommend http://www.kayak.com. Or book directly with your preferred airline.
2) You can reach out to our air supplier directly:

Baggage fees and other charges may be directly assessed by airlines or airports. Be certain to confirm all air flights 72 hours prior to departure.

We urge you to check airline cancellation penalties before purchasing airline tickets since departure times and flights can change. Neither Insight Cruises nor Insight Cruises’ partners, co-producers, sponsors, or agents accept liability for cancellation penalties related to domestic or international airline tickets purchased independently in conjunction with Insight Cruises’ events.

Baggage and personal effects are at all times the sole responsibility of the participant. Most homeowners policies, and most airlines, cover your lost luggage.
