### GENERAL INFORMATION

At the time of making your reservations online, we will advise you whether or not your reservations are confirmed or whether you have been waitlisted. Your credit card will be charged immediately for all confirmed reservations. Should space become available for a waitlisted shore excursion request, we will e-mail or otherwise contact you at that time and either immediately charge your credit card if you have already given us your credit card information or ask you to provide us with that information for immediate charge processing. Shore excursion reservations are subject to cancellation by us at any time prior to the credit card charge being accepted by your bank. If you or Holland America cancel a tour more than 10 days prior to cruise departure, we will issue a credit on the credit card that you used to pay for the reservation. If the credit is not fully utilized during the cruise, the balance will be paid to that guest by the ship's Purser.

## Frequently Asked Questions

### FREQUENTLY ASKED QUESTIONS

#### **WHAT SHOULD I WEAR?**

Comfortable walking shoes are recommended for all shore excursions. When you visit places of worship (cathedrals, churches, etc.), we recommend dressing conservatively (shorts and sleeveless sundresses should not be worn), but casual clothing is perfectly acceptable. Dress in layers and have a jacket along. Bring an umbrella or raincoat, a hat and sunscreen.

#### **WHAT ABOUT MEALS?**

Most tour departures complement the ship's meal service hours. 24-hour room service is available on board.

#### **HOW WILL I KNOW WHAT TIME EACH TOUR DEPARTS?**

The on-board Shore Excursion Planning Form in your stateroom will show departure times. This information will also be printed on your shore excursion tickets, which you will receive on board. Approximate tour departure times are posted on our website at [www.hollandamerica.com](http://www.hollandamerica.com).

#### **I HAVE A DISABILITY. HOW DO I KNOW WHICH TOURS WILL BEST SUIT ME? WILL I HAVE A PROBLEM (DIS)EMBARKING THE SHIP?**

Guests with disabilities should inquire in advance whether a shore excursion will be able to accommodate their needs. We have graded the Shore Excursions according to the relative level of activity they entail. The walking icons that appear at the beginning of each tour description provide a general idea of the level of activity to expect. Please refer to the "Choosing Your Tours" section in this brochure for specific information on the walking icons. Most guests will find it beneficial to attend the Shore Excursion Briefing on board the ship for evaluating the required activity level for each tour. It is important to keep in mind that shore excursion operators are subject to the laws of their own country including with respect to accommodating the needs of guests with disabilities. In most foreign countries, the laws are not as stringent as those in the United States. Please speak with the Shore Excursion Office as to whether you can expect to encounter difficulties (dis)embarking the ship in a particular port of call. In this regard, the decision whether or not to carry or provide other

mobility assistance to a guest and their mobility assistance device (wheelchair, walker, etc.) up or down a ship's gangway, or on or off a tender boat, is at the sole discretion of the Captain, made based on his evaluation of guest and crew safety. We encourage you to bring a collapsible wheelchair as space limitations may restrict the ability of some tour operators to accommodate motorized mobility aid devices.

#### **DO ALL THE PORTS AND TOURS IN THIS BROCHURE PERTAIN TO MY CRUISE?**

Not necessarily, as this brochure may cover more than one sailing. Please refer to your cruise itinerary to determine which ports you will visit, then turn to those port sections to see the tours. Not all tours in each port are available on all ships or all cruises.

#### **ARE THERE ANY OTHER TOURS OFFERED THAT ARE NOT PUBLISHED IN THIS BROCHURE?**

Yes, we often add tours to our program after the brochure is published. For additional tours that may now be available in the ports you are visiting, please check our website at [www.hollandamerica.com](http://www.hollandamerica.com).

#### **I AM TRAVELING WITH FRIENDS AND WE WOULD LIKE TO BE ON THE SAME MOTOR COACH**

The departure location for each shore excursion is printed on your shore excursion tickets. If you wish to travel with friends, please arrive at the designated meeting place together. This will enable the staff to allocate space for you on the same vehicle.

#### **TOUR DURATIONS**

This brochure is designed to help you select the excursions most suited to your interests. The individual tour descriptions include approximate durations. To allow our Shore Excursion Managers flexibility to coordinate your time in port with meals and activities on the ship, exact departure times are published in the Shore Excursion Planning Form on board. For more information, please attend the Shore Excursion Briefing or visit the Shore Excursion Office.

#### **TOUR DESCRIPTIONS**

Tour descriptions may change after printing. Information that becomes available after this brochure is published will be posted in the Shore Excursions section of our website, which can be found online at [www.hollandamerica.com](http://www.hollandamerica.com). Significant changes will be noted on the Shore Excursion Planning Form on board. Tour schedules are subject to change.

The twist that is uniquely Alaskan is the varied modes of transportation—floatplane, skiff, Hummer, luxury SUV limo, motorized catamaran, etc. With these great options at your fingertips, create your own itinerary, maximize your time in port and visit destinations more in-depth. And since your tour includes only those with whom you choose to travel, your experience is intimate.

The Signature Collection is for single/solo travelers, couples, families, friends, and special interest groups traveling together. This may also be an excellent choice for non-ambulatory guests. Value, flexibility, privacy, comfort, safety, and personalized guide service are the advantages of Signature Collection tours.

#### **ABOUT THE SIGNATURE COLLECTION**

Enjoy guaranteed, first-class guide service and personalized touring that you can book in advance in the height of summer. The tour operators will advise the ship of any vehicle delays prior to sailing, so you need not worry about missing your ship.

#### **ABOUT THE TRANSPORTATION**

Depending on which port you are in, the available modes of transportation may include floatplane, skiff, Hummer and luxury SUV limo, etc. Not all modes are available in all ports.

#### **ALSO INCLUDED**

The cost includes the service of a driver and English-speaking guide, unlimited mileage within the time reserved, parking fees, and bottled water.

#### **NOT INCLUDED (UNLESS OTHERWISE NOTED)**

Guests' entrance fees for attractions are not included in the vehicle price due to the wide range of attraction possibilities, uncertain number of attractions to be visited, and varying number of guests participating. Lunch will not be included on any tour as many guests prefer to select their own dining venue.

#### **ITINERARY PLANNING**

Once on board you will receive a Preference Card to complete. This card will have a list of recommended attractions and will allow you to create your personal itinerary. The Shore Excursions staff can assist you and will gladly answer your questions. Travel time, location and opening hours of attractions need to be taken into consideration to maximize your time ashore.

#### **AVAILABILITY & PRICING**

As you look through this brochure, you will find the Signature Collection vehicle, driver and guide advertised only in the ports where the program is available. The cost of each vehicle type will be published online at [www.hollandamerica.com](http://www.hollandamerica.com).

#### **ONLINE RESERVATIONS**

The fastest and easiest way for you to reserve and pay for your private vehicle, driver and guide is on the Holland America Line website. Visit us online at [www.hollandamerica.com](http://www.hollandamerica.com). Please note that Signature Collection tours are ordered PER VEHICLE (not per person) so only one person in the party needs to make the reservation. The price shown on the website is the total cost of the transportation, driver and guide (not a per-person price). In many ports, the availability is extremely limited. We encourage you reserve as early as possible.

#### **PAYMENT & TOUR TICKETS**

Your credit card will be charged after your reservation is confirmed. Next, start planning what you'll do with your private vehicle, driver and guide in each port. On board the ship, you will be given a tour ticket and a Preference Card to advise the Shore Excursions Office as to the itinerary you have chosen.

#### **BOOKING ON BOARD**

The Signature Collection may be available for booking once you are on the ship, but this cannot be guaranteed. Please check with the Shore Excursions Office on board.

## How to Take More Than One Tour in Each Port

Make the most of your time in each port by combining different half-day tours to complete a full day of sightseeing. Whatever your interests, and whichever pace suits you best, there's a huge variety of tours to mix and match in this brochure. To make combining easy, for tour departure times and durations, visit our website at [www.hollandamerica.com](http://www.hollandamerica.com).

Choose the shore excursions that interest you by using the icons as a general guide to the level of activity involved, and select the shore excursions best suited to your physical capabilities. These icons will help you interpret this brochure.

## The Benefits of Booking With Us

## About Touring in Alaska

When you book your shore excursions with Holland America Line, you can count on our Signature of Excellence® to consistently offer a superior experience ashore:

### QUALITY

Clean and comfortable transportation equipment; we engage professional independent tour operators dedicated to customer satisfaction.

### SAFETY

Tour operators have contractually agreed to comply with local government requirements and to carry liability insurance in amounts consistent with local standards to address personal injury and property damage claims.

### CONVENIENCE

English-speaking guides; tour departure times set to coincide with the ship's schedule as well as with that of other tours so that guests desiring to do so can take multiple tours.

### PEACE OF MIND

If a tour that you have purchased through Holland America Line returns late to the ship, we will almost never leave without you. In the very rare event that the ship must leave, we will arrange at our expense to get you to the next port of call (with independently booked tours, you are responsible for rejoining the ship at the next port of call).

### VARIETY

Around the globe, our programs include "A Taste of...", Off the Beaten Track, Panoramic, Medallion, flightseeing and motor coach tours, with such adventures as camel rides, kayaking, diving, rock-climbing, glacier hiking and private vehicle/vessel touring.

### VALUE

Our award-winning shore excursions offer superior quality and competitive pricing; our guests consistently rate their shore excursion experience as excellent.

### ABOUT CHILDREN

Prices for children age 12 years and under are available on some but not all tours. If no child's price is published online, the tour may be available to children at the adult rate; however, all children under 18 must be accompanied by a responsible adult aged 21 or older, regardless of rate.

### ABOUT THE WEATHER

Alaska is well known for its "liquid sunshine," changing weather and cooler temperatures, so be prepared! The best plan is not to let the weather determine the kind of time you have, but to dress in layers—a shirt, sweater and light raincoat will do—so that you can add or remove layers as needed. Shore excursions operate in all weather conditions. Cancellations due to weather are at the determination of the tour operator only. No exceptions!

### ABOUT HIKING

Whether you're hiking a forest path or mountain trail in Juneau, or exploring the rain forest and tide pools of Ketchikan, it is absolutely necessary to wear comfortable hiking boots or athletic shoes.

### ABOUT FISHING

Fishing in Alaska lives up to its reputation! While we cannot guarantee a catch, if you are going fishing, you may want to have a plan for what to do once you've reeled in your fish! If your tour is not designated as "catch-and-release," you can review the processing options with your boat captain or guide and have the fish forwarded to your home. Your catch will not be allowed on board the ship.

### ABOUT WILDLIFE

Although Alaska's wildlife is abundant, we cannot guarantee any wildlife sightings on any of the shore excursions advertised in this booklet unless indicated otherwise. We are confident that each independent tour operator will make every effort to accommodate the safe viewing of wildlife whenever possible.

### ABOUT WAIVERS

A waiver release provided by the local tour operator may be required for participation on certain tours.

## About Flightseeing

this process, but please be aware that individual circumstances may not allow for complete privacy. Helicopter tours are not necessarily offered on all programs or in all brochures.

If you do nothing else when you're ashore in Alaska, take *at least* one flightseeing tour. While these shore excursions tend to be some of the more expensive offerings, rest assured that the perspective gained from aloft is absolutely priceless—in fact, you will be forever changed in how you think about Alaska and the sheer magnitude of nature exhibited here. You will discover glaciers that seem to tumble from heaven to earth, ice fields that seem to stretch to eternity, and jagged, unforgiving peaks that relentlessly reach for the stratosphere. This experience is so markedly different from land or sea, there is simply no comparison. And if you've ever thought that all shore excursions necessarily involve a motor coach and a museum, it's time to broaden your horizons. Whether you merely set foot on a glacier's surface or whether you strap on a set of crampons, grab an ice-axe and step out onto a river of ice that has outlived dinosaurs and constellations, you're headed for the real Alaska. Make sure you see it all!

Within this brochure you will find two different types of flight-seeing options:

### HELICOPTER:

These tours are for more active flightseers, with the opportunity to step out onto a glacier, ride a dog-sled across the surface of the Icefield, or go ice-trekking with full gear and an expert guide.

### FLOATPLANE:

One of the most important forms of transportation in Alaska is the floatplane—versatile, practical, ubiquitous. Most commonly used for bear-watching and fishing adventures, floatplanes are able to pull up to remote beaches, bringing you to the heart of the wilderness within minutes of leaving the ship.

### WEIGHT REGULATIONS:

Please note that on all helicopter flightseeing tours, guests weighing more than 250 lbs will pay an additional surcharge of 50% over the published fare. Every guest and his/her carry-on items on helicopter tours may be weighed during the check-in process. The tour operator will endeavor to be discreet during

## Haines, Alaska

**Guests whose cruise itinerary does not include a port-of-call in Haines, but includes the port of Skagway, please see page 113 for tours to Haines departing from Skagway.**

## SIGHTSEEING

### Best of Haines by Classic Motorcar

Approximately 1 hour • \$\$

A knowledgeable and entertaining guide shows you the highlights of Haines and shares with you the rich history of the area.

Elegantly curved fenders, polished chrome grilles, oversized steering wheels, roomy comfortable interiors and wide white wall tires all work to bring you the best of Haines in a 1930s or '40s six-passenger, vintage automobile. Roam back in time through historic Fort Seward and down coastal roads for an outstanding photograph of your ship. In downtown Haines, see totem poles and Native clan houses, then drive along the fjord, rimmed with mountains and glaciers, to one of the most scenic old canneries in Alaska. Keep a sharp eye out for eagles, and perhaps whales, seals or dolphins, and maybe even a moose or two.

### Offbeat Haines

Approximately 2 hours • \$

This small group tour takes you to three of Haines' most unusual and out-of-the-way attractions—the Hammer Museum, Extreme Dreams Art Studio and Dalton City. Begin with a ten-mile scenic drive along the Chilkat River. At the small artists' enclave of Mud Bay you will visit the Extreme Dreams Art Studio, owned by artists John and Sharon Svenson. John, a zany mountain climber, Sharon, a talented weaver, and Whoopee, their pet poodle, will greet you upon arrival. Their handcrafted timber frame art gallery sports a spectacular view of the Rainbow Glacier and is filled with unique and unusual creations by Alaskan artists. Continue with a tour of downtown Haines, Fort Seward and a visit to Dalton City, created for the Walt Disney film *White Fang*. Your guide will entertain you with stories from the winter of 1989; the year that pampered Hollywood film stars rubbed elbows with rugged Haines fishermen, loggers, and miners. Stroll down Main Street and learn about the attractions of this photogenic “gold rush town”—Haines Brewing Company, the Klondike Saloon, and the Haines Community Garden. End your tour with a visit to the Hammer Museum. Meet the curator and find out why Haines is home of the only museum in the world dedicated to this under-appreciated household tool. Learn about the connection between Haines' Hammer Museum and the Smithsonian Institute in Washington, D.C. Touch, see, and learn about unique inventions such as the three-clawed hammer, the magnetic hammer, and the Tlingit ceremonial hammer, and leave with a smile on your face.

### Chilkoot Lake Cruise & Wildlife Exploration

Approximately 3 hours • \$\$

Board an open-air pontoon boat for an enchanting tour of beautiful Chilkoot Lake. Here, you may have the opportunity to observe spawning sockeye salmon, fierce bald eagles and, hopefully, giant brown (grizzly) bears as they feed upon the salmon, undisturbed by your presence. Mountain goats are also often seen grazing along the cliffs, while black bear and moose feed on the intermediate slopes in the late spring/early summer. From the coastal estuary to the glacial inlet river watch birds of all

types. Virgin forests of spruce, hemlock, cottonwood and alder cloak the lower mountains while snowcapped peaks and glaciers shine above. Be enthralled by legends of Alaskan heroes and villains, local history, native lore and tales of the wild.

*Please note: The boat is covered during inclement weather.*

### Historical Walking Tour

Approximately 1½ hours • \$

Haines is ideal for a walking tour and taking an up-close look at the history, Native culture, local plants, and present-day lifestyle of this small Alaskan town. A local guide will show you the highlights of Fort William H. Seward, including Officer's Row, Soap Suds Alley, the parade grounds, and the old barracks building. Visit the former army hospital that houses Alaska Indian Arts, where totem poles, masks and rattles are created. Peer into local gardens as you walk the lesser-known paths to the town center, where you may choose to stop by the local museum, spend some time shopping, or return to the ship with your guide.

### A Taste of Haines: Meet the Brewmeister

Approximately 2 hours • \$\$

Sample some of the fresh products that Haines has to offer on this small-group tour. Meet your local guide and head out to Dalton City, a charming gold rush town created for the 1989 Walt Disney film, *White Fang*. Tour Haines Brewing Company, Alaska's smallest brewery with an annual production of only 300 barrels. Meet the brewmeister and learn about the challenges of producing beer in this small Alaska town while you sample Dalton Trail Ale and

Eldred Rock Red. Continue with a driving tour of downtown Haines and Fort Seward, and arrive at Dejon Delights to learn how the experts smoke salmon and halibut using smoldering Alaskan

birch and black cottonwood. Sample one-of-a-kind recipes such as Lookout Stout-Smoked Sockeye and Lemon-Peppered Halibut. There will be time for shopping before returning to the ship.

*Please note: Guests must be 21 years or older to sample the beer.*

### Deluxe Haines Highlights

Approximately 3 hours • \$\$

This trip combines the history and highlights of one of Alaska's best kept secrets—the quiet, un-crowded, picturesque town of Haines. Board a motor coach at the dock and pass through historic Fort William H. Seward (the first US Army outpost in Alaska) on your way to downtown Haines. Visit the acclaimed Sheldon Museum where the colorful past of this valley comes to life, and a recreated salmon cannery where the entire canning line of antique equipment has been meticulously reconditioned and is in perfect working order. Drive south out of town to Letnikof Cove on the Chilkat Peninsula where glaciers, towering peaks, rivers and the sea converge to create beautiful vistas. You will stop at this picturesque location before returning to the ship.

## ADVENTURE

### Eagle Preserve Float Adventure

Approximately 4 hours • \$\$

The world famous Chilkat Bald Eagle Preserve boasts the world's largest gatherings of bald eagles. It is also home to moose, bears, wolves, and a host of other animals. The best way to see the preserve is by floating quietly down the river, through the heart of it all. Throughout your adventure you will be surrounded by towering mountains, hanging glaciers, lush forests, and fresh air—an adventure into the grandeur of Alaska!

*Please note: Minimum age is seven years. Deli-style lunch included.*

## Wilderness Kayak Experience

Approximately 4 hours • \$\$

Mild weather and a variety of wildlife make Haines the ideal location for kayaking. Take a short bus ride to the kayak launch site, where your guide will tailor your trip to the destination where weather and wildlife trends are most favorable. You'll be quickly at ease in your fast and stable fiberglass kayak, which is also a superb wildlife viewing and photography platform. Keep

an eye out for bald eagles, humpback whales, seals, porpoise, sea lions, otters, sea birds, spawning sockeye or pink salmon, brown bear or moose (wildlife varies seasonally). Get away from

the city and enjoy the sights and sounds of nature at its best. All paddle gear is provided, as is expert paddle instruction.

*Please note: Minimum age is 7 years. Guests over 6 feet 6 inches tall or 300 pounds may not fit comfortably in the kayaks. Three-person kayaks may be used. Deli-style lunch included. Rain gear is provided when needed.*

## Wildlife River Adventure

Approximately 3½ hours • \$\$

Your "Northern Exposure" experience begins in the beautiful town of Haines and a journey by bus into the heart of the world famous Chilkat Bald Eagle Preserve, offering a great chance of seeing moose in their natural habitat. More than 1,400 moose were sighted here in 2006. The Chilkat River is a glacier-fed river which requires a specially-designed, shallow-draft jet boat to traverse the shallow and narrow channels. Your experienced jet

boat pilot guides you deep into the wilderness, searching for bald eagles that can be found nesting in the trees along the river. Also occasionally sighted are

black bear, brown bear, trumpeter swans, river otter and beaver. At the end of your tour, sip a hot beverage around a crackling campfire, or under a covered, heated pavilion. The on-site gift shop stocks a broad range of Alaskan treasures.

*Please note: Jackets are provided for inclement weather. Waterproof and windproof lap blankets, hats and gloves are also provided.*

## Takshanuk Mountain Trail by 4x4

Approximately 4 hours • \$\$

The Takshanuk Mountain Trail is a three-hour, six-mile roundtrip drive through some of the most pristine wilderness in Alaska.

Your journey begins with a warm welcome from your guide, and a motor-coach transfer via historic Fort Seward (the first US military outpost in Alaska) and along Lynn Canal to the base of the Takshanuk Trail. Here you will be shown how to operate your automatic transmission, four-wheel drive Kawasaki Mule, best described as a heavy-duty golf cart that drives no faster than 3mph on the trail. The Mules are equipped with seat belts and offer easy accessibility for those with limited mobility. The spectacular views you will see along the way include Lynn Canal and Chilkoot Lake, waterfalls and crystal clear creeks en route to sub-alpine meadows at 1,500 feet elevation. A snack will be provided on the way up the trail and lunch will be served at a rustic restaurant before you return to sea level.

*Please note: Four guests or up to five family members can be accommodated per Mule. Restroom facilities are available at the rest stop area. Those wishing to drive the Mules must be age 21 or over and must bring a driver's license.*

## Glacier Point Wilderness Safari

Approximately 4½ hours • \$\$\$

This outstanding wilderness safari is a photographer's paradise as you journey through deep fjords, lush rain forests, towering mountains, and colorful wildflowers, bringing you

face-to-face with the majestic Davidson Glacier. Enjoy the fresh air and exercise; it is an experience you will never forget! Your tour begins at the dock in Haines with a 30-minute catamaran cruise through Alaska's deepest fjord. Watch for whales and sea lions en route to a remote beach landing at Glacier Point. A short, scenic drive by bus, and a fascinating ¼-mile walk take you to a place where the forest suddenly opens up to reveal a breathtaking view of the glacier. Board a 31-foot canoe for a voyage of discovery among icebergs to the face of the mighty blue glacier.

*Please note: Participants need to be in good health and able to hike over uneven terrain. Dress warmly, bring an extra pair of socks and wear comfortable walking shoes. Minimum age is 7 years. A box lunch will be provided.*

### Alaskan Wildlife Experience

Approximately 4 hours • \$\$

This trip is an escorted adventure 27 miles upriver into the heart of the Chilkat Bald Eagle Preserve for a wildlife experience unlike any other in Alaska. Travelling through the Chilkat Valley and the Chilkat Bald Eagle Preserve, you will arrive at the Kroschel Films Wildlife Center. Steve Kroschel has a lifetime of experience working with wild animals for movies such as *Never Cry Wolf* and the *PBS Wild America* series. His center provides a home for numerous, orphaned, wild Alaskan creatures including wolves, Arctic fox, lynx, porcupine, pine marten, mink, reindeer and wolverine. Your interactive visit will include hands-on, face-to-face encounters and intimate close-up photography. Re-board your coach for a ride back to Haines passing once again through the beautiful Chilkat Bald Eagle Preserve. A stop will be made along the river's edge to view this amazing habitat set aside for the American Bald Eagle. Your guide will take you through historic Fort William H. Seward (the first U.S. Army outpost in Alaska) with its picturesque homes, galleries and shops before arriving back at your ship.

### Nature & Wildlife Expedition by Day or by Twilight

Approximately 3½ hours • \$\$

Travel with an engaging naturalist through the Valley of the Eagles to view Alaska's magnificent wildlife and enjoy breathtaking photo opportunities. Nestled between rugged glaciers and snow-capped mountains, the fertile Chilkoot Valley is home to generations of brown bears, bald eagles, mountain goats, river otters, spawning salmon, and numerous birds. Powerful spotting scopes afford close-up views of mountain goats in alpine meadows, bears along the river, and bald eagles in active nests. You can take photos through the scopes. Colorful harlequin ducks, marbled murrelets, loons, surf scooters, porpoises, seals and whales are among the seasonal highlights. Spotting scopes bring the action up close as bald eagles, gulls, ravens and ducks hover over fish in the river.

On the shore of a picturesque lake, experience the lush understory beneath magnificent hemlock and spruce trees during a refreshing walk through an ancient muskeg. In August and September, twilight departures are added to this tour. Twilight departures offer a greater chance to spot grizzly bears. As the sun sets, bear families may descend on the river, leaving the cover of the forest to forage along the grassy banks. Your guide will point out the highlights of Haines and historic Fort Seward while driving back through downtown Haines.

*Please note: Wildlife sightings are not guaranteed. Current wildlife sighting updates are available at the Shore Excursions office.*

### Haines Adventure Hike

Approximately 3 hours • \$\$

This spectacular hiking adventure immerses you in the incredible beauty of Southeast Alaska, where you will be surrounded with amazing mountain and ocean views. Your adventure begins with a fascinating town tour, including Fort Seward National Historic

Landmark and the parade grounds. Your guide will regale you with the interesting history and culture of the Haines area including the local gold rush and chronicles of the native Tlingits. Once at the trailhead, you will don your hip sack and then you are off to enjoy the breath-taking countryside. The next 2½ hours will be spent surrounded by views of towering snow capped mountains and the Lynn Canal. You may see eagles, waterfowl, bears, moose, and more. Each departure is outfitted with several pairs of binoculars to maximize your opportunities to see up close the wildlife and the spectacular mountain and river scenery. Midway through your hike you will take a break to enjoy a delicious smoked salmon snack and to take in the magnificent views. This is a great family experience and kids are welcome. Approximately 3 hours • \$\$

The Valley of the Eagles Golf Links is one of the most scenic golf courses in the world, located directly along the banks of the Chilkat River with amazing views of the Cathedral Peaks, Chilkat Mountains, and the Lynn Canal. Beautiful blue glaciers and breathtaking waterfalls combine with the riverfront setting for an incredible visual experience. ## Half-Day Salmon Sportfishing

Approximately 4 hours • \$\$\$

Sitka Sportfishing is one of Southeast Alaska's best-kept secrets. Sitka Sound offers an abundant supply of king, silver, chum and pink salmon. Combine this with dramatic views and opportunities to see marine wildlife, and you have an exciting excursion to experience. Your Captain is a Coast Guard-licensed, experienced fisherman. All equipment, tackle, bait and rain gear are provided. Dress warmly and wear rubber-soled shoes or boots. Your catch can be processed locally and shipped home at an additional charge (U.S. destinations only, credit card payment accepted).

*Please note: Alaska State law requires a valid 1-day fishing license,*

*which may be purchased for us\$20 cash from your fishing boat captain along with a us\$10 cash king salmon stamp (during king season May-June). Trolling involves using a downrigger to lower the bait to a specific depth. There are two downriggers, so up to four rods may be fished at once, allowing for fishing at different depths. Fishermen are rotated (instead of assigning rods) so that everyone has a fair chance to catch a fish. The rotation order is determined by lottery. The captain may elect to use only two rods if the fish are plentiful. You will fish with a maximum of six guests. Please see fishing information on page 11.*

## All-Day Salmon & Halibut Fishing

Approximately 7½ - 8 hours • \$\$\$\$

Join us for a full day of Alaska-style ocean sportfishing. Sitka enjoys an excellent catch rate for salmon and halibut. Depending on the season you will pursue king, silver or chum salmon and halibut. You will fish with a maximum of six guests. Salmon fishing is done by "trolling" with downriggers or anchoring and "mooching." Halibut fishing is done by anchoring and jigging. Halibut fishing can be weather dependent and there is a motion sickness advisory on this tour. Fishing the open ocean can be subject to ocean swell and wind chop. Your captain will do his best to fish both species, salmon and halibut, but on a small percentage of days, the halibut grounds are too rough to fish. In that event, the focus will be salmon.
