## Frequently Asked Questions

### FREQUENTLY ASKED QUESTIONS

#### **WHAT SHOULD I WEAR?**

Comfortable walking shoes are recommended for all shore excursions. When you visit places of worship (cathedrals, churches, etc.), we recommend dressing conservatively (shorts and sleeveless sundresses should not be worn), but casual clothing is perfectly acceptable. Dress in layers and have a jacket along. Bring an umbrella or raincoat, a hat and sunscreen.

#### **WHAT ABOUT MEALS?**

Most tour departures complement the ship's meal service hours. 24-hour room service is available on board.

#### **HOW WILL I KNOW WHAT TIME EACH TOUR DEPARTS?**

The on-board Shore Excursion Planning Form in your stateroom will show departure times. This information will also be printed on your shore excursion vouchers, which you will receive on board as your tour ticket. Approximate tour departure times are posted on our website at [www.hollandamerica.com](http://www.hollandamerica.com).

#### **I HAVE A DISABILITY. HOW DO I KNOW WHICH TOURS WILL BEST SUIT ME? WILL I HAVE A PROBLEM (DIS)EMBARKING THE SHIP?**

Guests with disabilities should inquire in advance whether a shore excursion will be able to accommodate their needs. We have graded the Shore Excursions according to the relative level of activity they entail. The walking icons that appear at the beginning of each tour description provide a general idea of the level of activity to expect. Please refer to the "Choosing Your Tours" section in this brochure for specific information on the walking icons. Most guests will find it beneficial to attend the shore excursion briefing on board the ship for evaluating the required activity level for each tour. It is important to keep in mind that shore excursion operators are subject to the laws of their own country including with respect to accommodating the needs of guests with disabilities. In most foreign countries, the laws are not as stringent as those in the United States. Please speak with the Shore Excursion Office as to whether you can expect to encounter difficulties (dis)embarking the ship in a particular port of call. In this regard, the decision whether or not

to carry or provide other mobility assistance to a guest and their mobility assistance device (wheelchair, walker, etc.) up or down a ship's gangway, or on or off a tender boat, is at the sole discretion of the Captain, made based on his evaluation of guest and crew safety. We encourage you to bring a collapsible wheelchair as space limitations may restrict the ability of some tour operators to accommodate motorized mobility aid devices.

#### **DO ALL THE PORTS AND TOURS IN THIS BROCHURE PERTAIN TO MY CRUISE?**

Not necessarily, as this brochure may cover more than one sailing. Please refer to your cruise itinerary to determine which ports you will visit, then turn to those port sections to see the tours. Not all tours in each port are available on all ships or all cruises.

#### **ARE THERE ANY OTHER TOURS OFFERED THAT ARE NOT PUBLISHED IN THIS BROCHURE?**

Yes, we often add tours to our program after the brochure is published. For additional tours that may now be available in the ports you are visiting, please check our website at [www.hollandamerica.com](http://www.hollandamerica.com).

#### **I AM TRAVELING WITH FRIENDS AND WE WOULD LIKE TO BE ON THE SAME MOTOR COACH**

The departure location for each shore excursion is printed on your shore excursion vouchers. If you wish to travel with friends, please arrive at the designated meeting place together. This will enable the staff to allocate space for you on the same vehicle.

#### **TOUR DURATIONS**

This brochure is designed to help you select the excursions most suited to your interests. The individual tour descriptions include approximate durations. To allow our Shore Excursion Managers flexibility to coordinate your time in port with meals and activities on the ship, exact departure times are published in the Shore Excursion Planning Form on board. For more information, please attend the Shore Excursion briefing or visit the Shore Excursion Office.

#### **TOUR DESCRIPTIONS**

Tour descriptions may change after printing. Information that becomes available after this brochure is published will be posted in the Shore Excursions section of our website, which can be found online at [www.hollandamerica.com](http://www.hollandamerica.com). Significant changes will be noted on the Shore Excursion Planning Form on board. Tour schedules are subject to change.

**Learn more...**

Holland America Line introduces the Signature Collection—a new touring option as part of the Medallion Collection. This exclusive series allows you to completely customize your time ashore and discover at your own pace the most interesting sights in the comfort and privacy of a quality car or minivan, with a driver and English-speaking guide, exclusively for your own use. Create your own itinerary, maximize your time in port and visit destinations more in-depth. Since your experience includes only those with whom you choose to travel, your experience is intimate.

### TO WHOM IS THE SIGNATURE COLLECTION SUITED?

The Signature Collection is for single/solo travelers, couples, families, friends, and special interest groups traveling together. This may also be an excellent choice for non-ambulatory guests. Value and flexibility are just two of the advantages of first-class touring and a luxury vehicle. Privacy, comfort, safety, and personalized guide service are also yours to enjoy.

### ABOUT THE SIGNATURE COLLECTION

Enjoy guaranteed, first-class guide service and a luxury vehicle that you can book in advance during the height of the busy season. Each port offers a fleet of vehicles perfect for families, groups, couples and individuals looking for privacy, comfort, flexibility and personalized guide service that motor coach tours can't provide. The tour operators will advise the ship of any vehicle delays prior to sailing.

### ABOUT THE VEHICLES

Each car or minivan will be of the highest grade available in that port, and will be air-conditioned. More details can be found on our website at [www.hollandamerica.com](http://www.hollandamerica.com). Not all vehicle sizes are available in all locations. Vehicles available and the capacities of each:

Car—maximum number of guests: 2

Minivan—maximum number of guests: 4-8 (varies by port)

Not all vehicles sizes are available in all locations

### ALSO INCLUDED

The cost includes the service of a driver and English-speaking guide, unlimited mileage within the 4 or 8 hours reserved, motorway tolls, parking fees, and bottled water in the vehicle.

### NOT INCLUDED

Guests' entrance fees for attractions are not included in the vehicle price (except in St. Petersburg, Russia, where entrance fees ARE included), due to the wide range of attraction possibilities, uncertain number of attractions to be visited, and varying number of guests participating. We strongly recommend that you bring some local currency to cover such costs as credit cards are not readily accepted in some ports. Lunch will not be included on any tour as many guests prefer to select their own dining venue.

### ITINERARY PLANNING

If you need help planning your personal itinerary, the Port Lecturer can assist you and will gladly answer your questions.

This can be very helpful in many destinations where travel time, location, holidays, and opening hours of attractions need to be taken into consideration in order to maximize the efficiency of your time ashore.

**AVAILABILITY & PRICING**

As you look through this brochure, you will find the Signature Collection car, driver and guide option as the first shore excursion advertised in each port, and the cost of each vehicle type will be published online at [www.hollandamerica.com](http://www.hollandamerica.com).

**ONLINE RESERVATIONS**

The fastest and easiest way for you to reserve and pay for your private vehicle, driver and guide is on the Holland America Line website. Visit us online at [www.hollandamerica.com](http://www.hollandamerica.com). Please note that cars and minivans are ordered per vehicle (not per person), so only one person in the party needs to make the reservation. The price shown on the website is the total cost of the vehicle, driver and guide (not a per-person price). In many ports, the number of cars or minivans available is extremely limited. We encourage you reserve your private car/minivan as early as possible.

**PAYMENT & TOUR VOUCHERS**

Your credit card will be charged after your reservation is confirmed. Next, start planning what you'll do with your private vehicle, driver and guide in each port. On board the ship, you will be given a tour voucher and a form to advise the Shore Excursions Office as to the itinerary you have chosen.

**BOOKING ON BOARD**

A limited number of vehicles may be available for booking once you are on the ship, but this cannot be guaranteed. Please check with the Shore Excursions Office on board.

**DISSEMBARKING THE SHIP**

In some disembarkation ports, the private vehicle, driver and guide can be used for sightseeing en route to the airport. When booking, please advise the total amount of luggage for your party. Vehicle size and luggage space may limit the number of guests in the vehicle.

Choose the shore excursions that interest you by using the icons as a general guide to the level of activity involved, and select the shore excursions best suited to your physical capabilities. These icons will help you interpret this brochure.

**EASY ACTIVITY:** Very light activity including short distances to walk; may include some steps.

**MODERATE ACTIVITY:** Requires intermittent effort throughout, including walking medium distances over uneven surfaces and/or steps.

**STRENUOUS ACTIVITY:** Requires active participation, walking long distances over uneven and steep terrain or on steps. In certain instances, paddling or other non-walking activity is required and guests must be able to participate without discomfort or difficulty breathing.

**PANORAMIC TOURS:** Specially designed for guests who enjoy a slower pace, these excursions offer sightseeing mainly from the transportation vehicle, with few or no stops, and no mandatory disembarkation from the vehicle during the tour. As vehicles outside the United States are rarely lift-equipped and ramps are seldom available, a very small amount of walking will be necessary. The pace will be gentle and taking your time is encouraged.

**LIMITED CAPACITY:** The number of people able to participate in this tour is strictly limited. Reasons for limiting capacity may include the number of transportation seats available, or the need to maintain a safe ratio of guides for hikes, fishing and water activities. Tours require a minimum number of participants in order to operate.

**MEAL:** This tour includes a meal—lunch on daytime tours, or dinner on evening tours.

**SNACK:** This tour includes a small snack or tasting of local specialties. The snack is not a meal.

A truly memorable countryside tour takes you by motor coach northeast of Århus towards Mols—a very hilly region whose topography is quite dissimilar to the rest of Denmark. During certain times of the year, the hills are covered in a carpet of heather, rivaling even the famous scenery of Scotland. At the town of Ebeltøft your coach will stop for a while so you can stroll through the cobblestone streets and enjoy the old houses. In the harbor you will see the old frigate *Jylland*, lovingly restored in 1993. Enjoy a pastry and some coffee at a seaside hotel, and take the time to savor the atmosphere of the tiny port.

### Hans Christian Andersen & Funen Village

Approximately 8 hours • \$\$\$\$

Don't miss this full-day tour to Denmark's garden island of Funen. Orchards and hops gardens, roadside stately manor houses and bustling market towns greet you as you cross the Little Belt Bridge from the Jutland Peninsula to the island. Odense, commonly referred to as the capital of Funen, is the birthplace of Hans Christian Andersen, Denmark's poet and writer of fairy tales. You will visit his home/museum in a half-timbered cottage that exhibits his letters, manuscripts, personal effects and his books. There's time for lunch at a local restaurant, then visit Funen Village open-air museum with buildings from 18th- and 19th-century Denmark, including artisans' houses, a school, a windmill and a smithy. You will have time to explore on your own.

### Legoland Full-Day Tour

Approximately 8 hours • \$\$\$

Drive for 90 minutes through the lush Danish countryside towards the town of Billund, where you will enjoy a fun day in the amazing Legoland Park. More than 60 million bricks were used in the construction of the amusement rides and miniature villages. Each is a replica of a real village in Denmark or in Europe. There is also a miniature of the White House and Mount Rushmore. The rides include roller coasters, a jungle cruise, panning for gold, and taking a tram ride over the park for a bird's-eye view of the attractions.

*Please note: Tour price includes motor coach transportation, park entrance fees, guide services and a voucher for lunch at a park restaurant.*

For an even more spectacular view, you may choose to climb to the top of the gazebo. Next is Silkeborg, a small town with big charm. Here, you'll find narrow streets and bustling squares, medieval houses and a historical museum. The Fyrkat fortress was used for military purposes, though archaeological excavations show that craftsmen, women and children lived and worked here. There were originally 16 houses inside the fortress; today you will

find a civilian settlement adjacent to the fort. The location of this farm provides an excellent historical picture of what life might have been like during the reign of Harald Bluetooth. You will see how the Danish people made their clothes, tools and weapons and you'll have a chance to taste some real Viking food.

Leave the pier and drive through beautiful landscapes towards the lake highlands and the town of Bryrup, where you will board a vintage train for a delightful ride through the green scenery of fields and forests. Usually the ride will be at full steam, but during really dry periods a diesel engine is used to avoid forest fires. The train ride takes you to the small village of Vrads and back again, and lasts approximately 30 minutes. After the ride, continue to the charming town of Silkeborg with winding streets and medieval houses. You will pay a visit to the History Museum with a chance to see the Tolland Man—a body estimated to date back to 200 BC. He was found in a peat bog in 1952. The last stop on the tour will be at Himmelbjerget (Sky Mountain) rising 500 feet above sea level. Here you will enjoy the stunning view of the connecting lakes and hills. Return to Århus after a relaxed and enjoyable morning.

## Gothenburg, Sweden

### Gothenburg City

Approximately 3 hours • \$\$\$

The Gothenburg of today was inaugurated as a town 1621 after King Gustav II, tiring of Danish raids, gave the order to build a fortress to secure Sweden's only western port. Gothenburg grew rapidly into the trading and maritime city envisaged by King Gustav II and, during the 18th century, the East India Company became Sweden's first international trading company. Silk, tea, spices and porcelain—the luxury items of the age—were imported to Sweden from the East, despite journeys often lasting more than a year. Cross the Älvsborgs Bridge to the Klippan view point, offering a splendid view of the archipelago, and to Masthuggs Church for a spectacular view of the city and port. Continue to the Botanical Gardens to visit the rock garden and rhododendron valley. You will then travel into the city center and Götaplatsen, the cultural hub of the city flanked by the Museum of Fine Arts, the Concert Hall, the Municipal Theatre and the Library. This square is dominated by Carl Milles' imposing sculpture the Poseidon Fountain. Drive along Avenyn, Gothenburg's loveliest and busiest street, to Gustav Adolfs Torg—home of the City Hall, the Court House and the Stock Exchange. Finally cross the Göta Älv bridge before heading back along the North Shore of the river to the ship.

### Gothenburg Canal Cruise

The fortress town of Gothenburg, home of the Volvo assembly plant, was founded in 1621. The city is Sweden's second largest and its population is 400,000. Exploring this marvelous, ancient city by canalboat offers a unique water-side perspective. Board a motor launch for a 50-minute cruise showcasing the beauty of Gothenburg as you glide through canals dating from the seventeenth century. The area is dotted with picturesque fishing villages, inlets and idyllic coastal resorts. Drive north of Gothenburg to Kungälv, a historical town as peaceful as the river running through it. To complete the picturesque setting, the ruins of the 14th-century Bohus Fortress tower above the town. Further north, pass through the modern town of Stenungsund en route to the lovely islands of Tjörn and Orust, connected to the mainland by impressive bridges. The longest is the Tjörn Bridge over the Askerö Fjord, offering an unequalled view of a typical west coast landscape over southern Bohus county. Drive through the island's rural landscape to the lovely fishing village of Klädesholmen, known for its herring industry, and to the main village of Skärhamn. After a little free time to explore this charming setting, return to Gothenburg.

### Tjolöholm Manor

Approximately 4 hours • \$\$

Discover Sweden's sunshine coast, complete with fishing villages and resorts set on beautiful bays. You'll drive to Fjärås Bräcka, situated by beautiful Lake Lygnern. This two-mile-long ridge was formed when a glacier receded, 12,000 and 13,000 years ago. It is a remarkable and impressive glacial sea formation. 40 kilometres south of Gothenburg, on a peninsula, you'll find one of Sweden's largest attractions, a beautiful manor house in Elizabethan style. The house, built 1898-1904 presents a 16th-century Tudor façade, while the inside is a brilliant example of Art Nouveau and craftsmanship in the spirit of William Morris. The manor was heated by a piped hot air system, as well as many fireplaces. The three bathrooms were fitted with showers and sunken baths and the estate had its own electricity generator. In order to keep the wall-to-wall carpets clean, a horse-drawn vacuum cleaner was pulled around the outside of the house and the thick hoses were pushed into the rooms through the windows. In the unique environment at Tjolöholm, you will have some free time to enjoy the grounds of the Castle, before your coach returns to Gothenburg and the ship.

After a brief driving tour through St. Petersburg, you will leave the city and head for the countryside to the town of Pushkin. Here, you will visit the magnificent palace of Catherine the Great, restored over the past 40 years to its original splendor. See the main staircase and look up at the palace ceilings decorated with paintings by Italian artists of the 17th and 18th centuries. You'll also see decorative plates and vases of Japanese and Chinese porcelain throughout. Marvel at the magnificent Grand Hall (or "Throne Room")—a gilded wonder with a spectacular painted ceiling and mirrored walls that are breathtakingly beautiful. The Cavalier's Dining Room was designed by Bartolomeo Tastrelli, and you'll also see Alexander I's State Study with its splendid marble fireplace. The Picture Gallery contains more than 130 paintings by Dutch, Flemish, French and Italian masters of the 17th and 18th centuries. Above all, don't miss the outrageously beautiful Amber Room—a brilliant and painstaking re-creation built in semi-precious stone by Russian craftsmen after the original panels were stolen by the Nazis during World War II.

### Catherine's Palace at Pushkin & Pavlovsk

Approximately 7 - 7½ hours • \$\$\$\$

It is about a 50-minute drive from St. Petersburg to reach Catherine's Palace—truly an architectural masterpiece and a magnificent museum. Its 978-foot façade is an ornate masterpiece in white, gold and blue. Within the palace is a series of magnificent rooms, including the famous Picture Gallery and the Great Hall. You will also see the amazing Amber Room, stolen by the Nazis during the war, smuggled to Paraguay (legend holds) and lost forever. Now, Russian craftsmen have piece-by-piece reconstructed the dazzling panels of semi-precious stone, amassing a stunning, multi-hued collection designed to leave

the observer breathless. The richly ornamented exterior of the palace is enhanced by splendid gardens and “small” pavilions. After lunch, you will enjoy a tour of Paul’s Palace—a gift from Catherine the Great to her son Paul, on the occasion of the birth of his son, Alexander. The palace’s Grecian hall is adorned with green, fluted Corinthian columns, making the ballroom the most elegant room of the Palace. Maria’s rooms gave Pavlovsk a distinct charm rather than grandeur. Paul’s rooms are richly adorned with mahogany and heavy gilding. Pavlovsk Park is one of the largest in Europe with ponds, valleys, waterfalls and statues.

Next, walk through beautiful gardens towards the entrance of the Russian Museum, opened in 1898 in the former Mikhailovsky Palace built by Carlo Rossi in 1825. The Russian Museum is a veritable treasure-house of Russian art—more than 130 rooms contain more than 300,000 works dating from the 11th century to the present. ### Murder on the Moika River

Approximately 3 hours • \$\$

Take a look at St. Petersburg from a completely different angle—from the water surrounding its numerous squares, monuments and palaces. The exact route of your trip will depend on the boat size and traffic conditions of the waterways. After an hour spent on the water you will disembark your boat near Yusupov Palace, where you will discover an intriguing story of the palace and its owners and the dramatic events which ended the life of a famous favorite of the last Romanovs—the infamous Grigory Rasputin. Yusupov Palace is located on the banks of the Moika River—one of the 57 palaces that were owned by Felix Yusupov, who was almost as wealthy as the Czar himself. A beautiful white marble staircase leads to the private theater of Zenaida Yusupov, which has been carefully preserved in rococo style. Among the palace’s treasures are works of art by Rembrandt and Rubens, French tapestries and porcelain, and Venetian mirrors and wood-carvings. It was here in 1916 that the notorious Grigory Rasputin was assassinated. He was lured to Yusupov’s home, and fed poison-laced food which failed to kill him. He was then shot several times, which he also survived, and was thrown into the Moika River, where he finally drowned. Your tour will take you through the rooms of the palace, and after climbing down the narrow winding staircase you will see the very place where Felix Yusupov, with his accomplices, tried to assassinate Rasputin.

## Visby, Gotland, Sweden

### West Coast Tour

Approximately 4 hours • \$\$

Diverse scenery and a glimpse of Gotland history are the attractions on this interesting tour. Setting out by motor coach, you'll head south from Visby through the agricultural districts of Trakumla, Vall and Atlingo to Mästerby, where you will have 20 minutes to explore one of the area's fine examples of medieval churches. Along the coast, stop at the Gannarve Skeppssättning i Fröjel Bronze Age burial site dating back to around 600 BC. Carefully placed stones, standing on their edges, form the shape of a ship. Scientists believe the ship represents dead chieftains being carried on their voyage to eternity, and such a metaphor underscores Gotland's inextricable relationship with the sea. Time permitting, a brief stop will be made at Högklint, a cliff which affords a spectacular view of the precipitous coastline and the port of Visby. Upon arrival in Visby, take a short guided walk within the walls of the medieval town before you return to the pier.

### Visby—Town of Roses & Ruins

Approximately 3 hours • \$\$

Visby, the capital of Gotland, boasts a swashbuckling history that tells of the Viking Age, followed by a flourishing medieval period and the growth of the powerful Hanseatic League. Today, however, Visby is best known as the Town of Roses and Ruins, and is one of Sweden's most popular vacation resorts. To gain a geographical perspective of the walled city, you will begin with a drive along the coast up to Högklint. From this dramatic clifftop viewpoint, take in the marvelous view of the Baltic Sea and Visby itself. Then you'll head back towards town by way of the old Hanseatic harbor of Almedalen, and the Kruttornet—a powder tower which has the distinction of being Visby's oldest

structure. Stroll through the Botanical Gardens, then your motor coach passes through a gate and follows the 13th-century city walls past the Maiden's Tower, part of the remaining 1½-mile-long, 13th-century city wall to Dalmansporten. Continue with a guided walk down through the narrow, winding, medieval streets see the impressive Cathedral of St. Mary's, passing the evocative ruins of one of the city's many medieval churches.

### Biking in Visby

Approximately 4 hours • \$\$

See the Kruttornet—the powder tower, which is the oldest remaining structure in Visby. Continue along Strandgatan to the lovely Botanical Gardens. Visby's mild winters allow such specimens as almond trees, magnolias and acacias to grow beside vivid displays of flowers. Pass Maiden's Tower and bike uphill to Klinten—a good viewpoint over the ruins of the old city, harbor and the Baltic Sea. The route continues on a bicycle path headed south into the countryside, and the next stop will be the high cliff of Högklint, about three miles south of Visby. Refreshments of tea/coffee and local cakes will be served at Princess Eugenie's Summer Residence in Fridhem, before you return via pedal-power to Visby and the harbor.

## Warnemünde, Germany

### Berlin: General Information

Don't miss this opportunity to visit one of Europe's most fascinating destinations—Berlin. Yesterday, the capital of Prussia and cultural center of the Golden Twenties; today, the gateway to eastern Europe, Berlin is once again making a new beginning. Berlin is not as beautiful as Paris, as large as New York, as busy as London, or as venerable as Rome, but is full of tumultuous history that will intrigue every visitor. During a short visit to Berlin, you will rave about some of the plazas and buildings but will not have a sense of the city as a whole which will appear full of contradictions—at times attractive, at times ugly, in parts cosmopolitan, in parts provincial, full of history and signs of progress. Berlin needs time to let the city and the continuously changing history that has shaped its appearance take effect. Berlin is a city of opposites and that is part of its fascination. Since the fall of the Wall in 1989, Berlin has visibly flourished. The city is once again in transition and no one can say just how it will turn out. It is an exciting time for Berlin and today you will capture a “snapshot” without hoping to capture its finality. The following tours visit Berlin from Warnemünde. Each excursion includes a

2 - 2½-hour ride each way between Warnemünde and Berlin on a private, standard train. You will leave Warnemünde in the early morning. As you ride towards the exciting city of Berlin, enjoy the lush, lake-strewn scenery of the German countryside and a light breakfast snack. Upon arrival in Berlin, you will be welcomed by your official city guide and escorted to a waiting deluxe motor coach. The city's continuously changing history, which has shaped its appearance, is evident everywhere. After your day of sightseeing in Berlin, the return train ride offers a light snack and soft drinks. You'll arrive back at the pier in Warnemünde tired, but appreciative of this memorable day. The order of the tours will likely vary in order to accommodate time and traffic where necessary.

### Highlights of Berlin:

#### Pergamon Museum & Berlin Cathedral

Approximately 13 -14 hours • \$\$\$\$

On arrival in Berlin, set out with your local guide on an exciting tour of this historic and multi-cultural city, once dubbed the world's largest construction site in the early 1990s. Your first stop will be at Bebelplatz where, below ground level, lies the Empty Library—the city's most original memorial to honor ostracized authors whose books were burned on this site by students and Nazis in 1933. Some of the other famous highlights that you will see are: remnants of the Berlin Wall, chilling proof of what was the city's most notorious landmark for 28 years; the Kaiser Wilhelm Memorial Church preserved as a ruin after World War II; the Brandenburg Gate, which more than any other monument symbolizes the German and European unification and will always be known as the border between East and West Germany; and the Reichstag parliament building which awoke from a long political “deep sleep” when the German government repositioned from Bonn. Take advantage of a brief photo stop at the site of the former Checkpoint Charlie—the legendary border crossing where spies crossed between the American and Soviet sectors during the Cold War. Step inside the Berlin Cathedral with its neo-Baroque interior and massive dome. This enormous cathedral, built between 1894 and 1905, is a stunning example of the neo-Renaissance style of Berlin. During the Second World War, the building was hit by a firebomb which severely damaged most of the Cathedral, but it has now been restored in a simplified form, including the dismantling of the Hohenzollern mausoleum. Drive through the Kurfürstendamm—Berlin's version of the Champs Elysées, and pass the impressive Charlottenburg Castle built in 1695—a “small” summer residence for Friedrich I. Pass the Gendarmenmarkt—the most harmonious square in Berlin—which constitutes an ensemble of the Theatre, the German Cathedral and the French Cathedral. Continue to the Pergamon Museum, showcasing a must-see collection of antiquities. It owes its name to the famous Pergamon Altar (2nd century BC). The Pergamon Museum is one of the world's major archeological museums and is a memorable inside visit. Return to Warnemünde after a truly fascinating day in Berlin.

## Berlin by Riverboat & Train

Approximately 13 -14 hours • \$\$\$\$

Some of the most famous highlights that you will see today are: remnants of the Berlin Wall, chilling proof of what was the city's most notorious landmark for 28 years; the Kaiser Wilhelm Memorial Church preserved as a ruin after World War II; the Brandenburg Gate which more than any other monument symbolizes the German and European unification and will always be known as the border between East and West Germany; the Reichstag parliament building, awakened after a long political "deep sleep" when the German government repositioned from Bonn. You will also make a brief photo stop at the site of the former Checkpoint Charlie, where today a young "Soviet soldier" will greet you on the legendary border crossing where spies crossed between the American and Soviet sectors during the Cold War. Pass by Berlin's Protestant Cathedral, built between 1894 and 1905 in neo-Renaissance style. In central Berlin, you will board a private riverboat on the banks of the Spree River and follow one of Berlin's most charming waterways alongside the parliament buildings and some of the city's most important museums. From the riverboat, while enjoying some traditional coffee and German cake, watch for the Palace of the Republic, Museum Island, the Reichstag, Charité Hospital, the new Chancellery and the House of Cultures. After your cruise, you'll stop for a pub lunch at a traditional German restaurant. Continue your tour by coach to the Reichstag parliament building for a champagne reception either on the garden terrace or within the Reichstag building itself. You will have breathtaking views of the Pariser Platz and the Brandenburg Gate, and you will also have the opportunity to wander around and inspect the famous glass cupola designed by British architect Sir Norman Foster. Drive through the Kurfürstendamm—Berlin's version of the Champs Elysées, and past the impressive Charlottenburg Castle built in 1695—a "small" summer residence named for Sophie Charlotte, the wife of the first Prussian King, Friedrich I.

## Jewish Berlin: Sachsenhausen Concentration Camp & the Holocaust Memorial

Approximately 13 -14 hours • \$\$\$\$

After the war, Sachsenhausen Concentration Camp was behind the Iron Curtain in the sector of East Germany that was ruled by the Soviet Union, and Americans have not had the opportunity to visit it until very recently. Sachsenhausen was designated with cynical emphasis as a *Schutzhaftlager* (protective custody camp) where political opponents of the government were "placed." In truth, about 6,000 Jews were forcibly brought here after Kristallnacht alone, and it was here that some of the first experiments in organized mass murder were made. The scale of the terror remembered here can be very disturbing; however, simply by visiting here you can help change the future—as Winston Churchill put it, "The further backward you can look, the further forward you are likely to see." Your next stop will be at the Bebelplatz where, below ground level, lies the Empty Library—the city's most original memorial to honor ostracized authors whose books were burned on this site by students and Nazis in 1933. Some of the other famous highlights that you will see are: remnants of the Berlin Wall, chilling proof of what was the city's most notorious landmark for 28 years; the Kaiser Wilhelm Memorial Church preserved as a ruin after World War II; the Brandenburg Gate which, more than any other monument, symbolizes the German and European unification and will always be known as the border between East and West Germany; the Reichstag parliament building which awoke from a long political "deep sleep" when the German government repositioned from Bonn. You will also make a brief photo stop at the site of the former Checkpoint Charlie, the legendary border crossing where spies where crossed between the American and Soviet sectors during the Cold War; and the Berlin Cathedral, with its neo-Baroque interior and massive dome. Drive through the Kurfürstendamm—Berlin's version of the Champs Elysées, and pass the Gendarmenmarkt—the most harmonious square in Berlin, which constitutes an ensemble of the Theatre, the German Cathedral and the French Cathedral. You will pass the Neue Synagogue—Berlin's most prominent Jewish landmark, which was rebuilt as a façade since the site of the original syna-

gogue is wasteland, deliberately left as a memorial to what was damaged by Nazi flames and finished off by wartime bombs. Your guide will point out the Haeckesche Hoefe complex built by Jewish idealists in 1906-07, with its elegant ceramic façades. This area symbolizes Berlin's new center, having miraculously survived two wars, and it houses an up-market collection of shops, galleries, theatres, cabarets, cafés, restaurants and cinemas. You will also stop at the Holocaust Memorial that officially opened in 2005 and was designed by New Yorker Peter Eisenman. This foundation for the Memorial to the Murdered Jews of Europe is a central place for remembrance to the murdered victims and a place of warning. It is about Remembrance, Responsibility and Future. In his attempt to present a new idea of memory as distinct from nostalgia, Eisenman reflects, "We can only know the past today through a manifestation in the present."

### Explore Berlin & Potsdam By River Cruise & Coach

Approximately 13 -14 hours • \$\$\$\$

Your first stop in Berlin will be at a remnant of the Berlin Wall and the famous former border crossing, Checkpoint Charlie. From here you will continue to the Brandenburg Gate which, more than any other monument, symbolizes the German and European reunification. Close by, you will pass the Reichstag government building and the new Holocaust Memorial. Drive along the Kurfürstendamm, Berlin's version of the Champs Elysées, and past the Kaiser Wilhelm Memorial Church. Pass the Gendarmenmarkt Square in Berlin, which separates the Theatre, the German Cathedral and the French Cathedral, before continuing to Potsdam, capital of the Brandenburg State, with a Baroque city center and numerous palaces. On arrival at Lake Wannsee, you will board a riverboat for an scenic journey past the Glienicke Bridge, where spies were swapped between the American and Soviet sectors during the Cold War. The first time this ever happened was in 1962, when the American pilot of an espionage U-2 and KGB spy Rudolf Ivanovich Abel were exchanged. Continue to the lovely Cecilienhof Palace for an outside visit. The palace was built in 1916 in the style of an English country house and was the site of the Allied Potsdam Conference where the borders of Europe were redrawn after World War II. A historical conference was held here between

Churchill, Truman and Stalin to arrange the future of defeated Germany. Today, most of the palace is a comfortable hotel. Continue to the magnificent centerpiece of the Potsdam park landscape—the Palace of Sanssouci—set above six vineyard terraces. Take a few minutes to view this castle from the outside before returning to the train station for your journey back to Warnemünde.

### Cathedral to Coast on the Molli Steam Train

Approximately 4½ - 5 hours • \$\$

Visit Bad Doberan, the former summer residence of the Dukes of Mecklenburg, packed with grand examples of Gothic red brick architecture. The town lies 10 miles to the west of Rostock. Bad Doberan's Cathedral is distinguished by its rural setting, rare among medieval churches, towering above the surrounding meadows and trees unencumbered by narrow urban streets. Unlike most town churches, it lacks the scale for comparison that neighboring houses usually afford. Built between 1294 and 1368, this awesome Gothic church makes Bad Doberan a popular destination for visitors. Nearby Heiligendamm was Germany's first Seebad (seaside resort). Your journey will continue to Heiligendamm on board the "Molli" narrow-gauge steam train, which has connected Heiligendamm with Bad Doberan since 1886 and is still in use today, "puffing" at approximately 22 miles per hour. During this trip, you will pass along Europe's longest avenue of Linden trees, also referred to as the "green tunnel." On arrival in Heiligendamm, treat yourself to a lovely walk along the beach promenade before you board your coach for a short drive to another old seaside resort, Kuehlungsborn. Stop for a refreshing cup of tea or coffee and cake at one of the coffee shops in this holiday atmosphere.

## Rostock Revealed

Approximately 4½ hours • \$\$

Depart the quayside by coach and transfer to Rostock, the lively harbor city with a rich heritage dating back nearly 800 years. Step back in time and walk through Mecklenburg Vorpommern's largest city. The buildings in this old Hanseatic city pay tribute to diverse architectural eras, and of special interest is the medieval old town. You will also see the St. Petri Church and the University of Rostock, founded in 1419 in Italian Renaissance style. Explore the quaint shopping streets that have flourished since the re-unification of Germany in 1990. Finally, you will walk down to the jetty and board a boat for a cruise along the Warnow River, transferring you back to Warnemünde. During your approximately one-hour cruise, you can savor some typical and traditional *Mecklenburger Haappchen* (seafood snacks), washed down with champagne or German beer.

## Treasures Unveiled: Wismar & Schwerin

Approximately 9½ hours • \$\$\$\$

Drive 90 minutes from Warnemünde to Wismar to participate in an eventful tour of this Hanseatic City full of powerful religious edifices, imposing Gothic brick buildings, old city walls, the water tower, the historic drainage system, and merchants' houses from the middle ages. Walk through the old city and enjoy the revealing architecture of the three main churches—St. Mary's and St. George's near the market place, and St. Nicholas' near the harbor. To experts, these structures are artistic examples of the building techniques of the late Gothic period, and to laymen, striking and spectacular achievements. Walk past the Town Hall, the magnificent Fuerstenhof Palace, and the Old Swede merchants' residence built in 1380. Enjoy time at leisure, strolling around the market square, one of the biggest in northern Germany. Continue to Schwerin for lunch. This former royal residence and state capital of Mecklenburg-Vorpommern is virtually surrounded by lakes and waterways. Schwerin is a city with a delightful combination of nature, culture and exquisite architecture. Take a guided city walk during which you will see the historical buildings in the old town, the Mecklenburg State Theatre (widely regarded as one of the finest in Germany), the

medieval Romanesque-Gothic red-brick Schwerin Cathedral, and the magnificent Schloss Schwerin—a picturesque castle located on an island. The highlight of your tour will be a guided walk through the castle and the gardens—indeed one of most remarkable sights in northern Germany. Return to Warnemünde in the early evening.

### Off the Beaten Track: Guestrow & the Dukes of Mecklenburg

Approximately 5 hours • \$\$

The Guestrow Chateau is the largest Renaissance chateau in Northern Germany and the town is virtually synonymous with the name of Ernst Barlach (1870 -1938) who settled in the town in 1910 to produce the final forms for his sculptures. Depart by coach from Warnemünde and meander through the countryside of Mecklenburg to Guestrow (pronounced *Goostrov*), a 30-mile journey. In the Old Town, you will take a guided walk to the Guestrow Cathedral (a Gothic brick basilica and home to Barlach's well-known sculpture *The Hoverer*), as well as the St. Marien Parish Church built in the early 14th century. You will also walk along the Market Square, fringed with Classical buildings and four medieval gabled houses between St. Marien Church and the Town Hall. The square is one of the finest in Mecklenburg—and here you will have some time at leisure to explore this quaint area. Your walk will also include an inside visit to the Guestrow Chateau, which is one of the few remaining Renaissance buildings in northern Germany. It was once home to many Dukes. Don't miss the great reception hall with its stucco décor dating from 1620—certainly the most attractive part of the chateau. Return to the quayside in Warnemünde, sipping a glass of sparkling wine en route.

### “Jewels” of Germany: A Hunting Lodge & the Amber Museum

Approximately 4 hours • \$\$

Depart the quayside via a scenic route through the State of Mecklenburg-Vorpommern, heading for the Jagdschloss Gelbensande (the Hunting Lodge) that was once a getaway residence of the rulers of Mecklenburg. This charming castle was

built in 1886 in the style of an English cottage, with the ground floor in yellow brick and the rest in half-timber. It served as a summer residence to Grand Duke Friederich Franz III and his wife Anastasia Mikhailovna. One of the social peak events which took place in this castle was the engagement of Crown Princess Cecille, daughter of the Grand Duke, to the Prussian Crown Prince Friedrich Wilhelm. Enjoy a short guided tour of the castle before continuing through a unique landscape to Ribnitz-Damgarten for a visit to the German Amber Museum. The museum offers outstanding selection of beautiful jewelry, works of art and amber with stunning inclusions of plants and insects, captured in time gone by. Take a guided tour before peeking into a small workshop where you may be invited to have your own piece of amber processed. After this visit, you will have the opportunity to purchase some amber artifacts or unusual amber jewelry in the Amber Gallery which is situated nearby. After an appropriate snack—goulash of game meat in a bread pocket—relax in the cosy lodge atmosphere while sipping some sparkling or red wine before you head back to the pier.

## Ystad, Sweden

### Countryside Highlights

Approximately 3 hours • \$\$\$

Ystad is in the center of a topographically diverse area, and as you drive to the east, you'll find fascinating, hilly countryside and the coast. Stop in the picturesque fishing village of Kåseberga to visit a fish-smoking house in the harbor, where you may taste freshly smoked fish. For those who are up to the walk, a visit to the Ale's Stones is well worth the effort (1,640 yards slightly uphill). Legend speaks of a buried giant and the grave of an unholy bishop, but these 58 blocks of stone stacked a thousand years ago more likely celebrate a Viking chief or astronomical observations. Continue to Backåkra—a mansion that was once home to the late General Secretary of the United Nations. Today the house is a museum and a holiday resort for members of the Swedish Literary Academy. It contains furniture and art from the U.N. office in New York and gifts received on numerous trips.

### Ystad City Walk

Approximately 2½ hours • \$\$\$

Join a guided walk through the picturesque, medieval town of Ystad, with more than 300 half-timbered houses dating from medieval times. You'll walk through the Main Square towards the Gråbrödraklostret Monastery, built by Italian monks between 1267-1400 and the best-preserved monastic complex in Sweden. Today it houses the Ystad Museum. Nearby, visit the church of St. Mary's—the town's oldest building. From its 150-foot tower, the Watchman blows a long horn every fifteen minutes from 9:15pm to 1:00am to signal that all is well, as his predecessors have done for several hundred years. A short walk away, you will see the remains of the Latin School—the oldest schoolhouse in Scandinavia. End your tour at the beautiful Town Hall for a short folklore dance performance before you return to the pier.
